# AIMRO series

**In-line water  
mineralizing cartridge**

## General Description:

**AQUAFILTER AIMRO** in-line cartridge fits most 1/4" water lines and requires no additional tools for installation. Water passing through several stages is enriched with natural microelements such as calcium and magnesium.

These beneficial minerals and nutrients are added back (after being removed by RO) to water to create a mineralized, pH-balanced result. These media alkalize and remineralize water, raising its pH. They reduce acidity in the body and produce natural calcium and magnesium ions that can be absorbed by the human body.

These Essential Minerals are vital to our organs. Calcium is beneficial for bones, teeth, heart and muscular system. Magnesium participates in over 300 biochemical processes beneficial to immunological and nervous systems.

Lack of these essential minerals may cause: Fatigue, Insomnia, hair loss, Depression, Diabetes, High Blood Pressure, Asthma, tooth decay, PMS, Migraines, Heart Disease. Cartridges include pre- and post-filters preventing media particles from being washed out.

## Each cartridge is pressure tested.

### Features:

- High quality
- Competitive pricing
- Component FDA CFR Title 21 Compliant
- Produces Alkalized Water
- Provides more energy and improves metabolic process
- Reverses effects of aging, due to reduction of acid wastes
- Gives back minerals such as ionized calcium, magnesium ion, removed by Reverse Osmosis
- Helps the body dissolve wastes and makes it easier to dispose of them safely
- There is no age limit for using this product. It can be used from the day you are born until very old age
- Improves stamina, health and overall good quality of life
