EXCITO-CL

5 stage "See True" alkaline water filtration system, with nanosilver technology in transparent filtration cartridges

* depends on water quality.

CAT#	STAGE	COMPONENT	FUNCTION
AIPRO-1M-CL	1	Sediment Spun-bounded polypropylene	Removes suspended impurities like particles, rust and sediment not less than 5 micron.
AISTRO-L-CL	2	Ion exchange High quality ion exchange resin	Water hardness reduction.
FCCBL-S-CL	3	Carbon Block Cartridge 2 in one Extruded activated carbon with other treatment filtration media	Step 1: Removes chlorine, color, and other organic impurities. Step 2: Reduces the level of iron, heavy metals, pesticides, organic substances, improved taste and odor.
AIFIR-200	4	Alkaline & ORP Cartridge 3 in one Adjusts increase pH, Reduces ORP down to -100 mV effective free-radical scavenger	Step 1: Effective free-radical scavenger, Improves taste of water Step 2: Reduces ORP down to -100 mV Step 3: Adjusts pH of the body fluids and by increasing of the pH of water may remedy peracidity.
AICRO-AB	5	Coconut Shell Carbon Cartridge & Antibacterial/Antimicrobial 2 in one Coconut shell activated carbon Antibacterial/Antimicrobial protection	Step 1: Final improved taste and odor of the water. Step 2: Antibacterial/Antimicrobial properties, increases longevity of the cartridge preventing from microbiological growth.

Additional accessories

NOTE
- Do not use with water that is microbiologically unsafe or of unknown quality without adequate disinfection before or after the system.
- Water filtration systems can help reduce the presence of contaminants. In addition, some water filtration systems can help reduce the presence of microorganisms or other contaminants with potential health effects.
- We strongly recommend regularly scheduled maintenance and replacement of the filter cartridge in order for the product to perform properly.
- Replace the filter cartridge at least every 3 or 6 months (depending on water quality).
- Replace the filter cartridge (AICRO-AB, AIFIR-200) at least every 6 or 12 months (depending on water quality).
LIMITED WARRANTY: Manufacturer warrants that this product is free from defects in materials and workmanship. This warranty, together with any and all warranties implied by law, shall be limited to a period of two (2) years from the date of original purchase.
This limited warranty does not apply to failures that result from abuse, misuse, alteration or failure to properly comply with installation, or cartridge change instructions.
We strongly recommend adding to all point of use filtration systems a Pressure Limiting Valve (PLV-0104 series) to guard against unwanted extreme water pressure events: pressure increases, surges, and water hammer which could occur in the water pipes. Not having one installed could mean that if you ever did have to claim damage caused by a burst water filter system, the claim will be denied.
